PROFILE

Fifth-year engineering student at ENSA Agadir (Information Security & Digital Trust), graduating in 2027, seeking a **6-month end-of-studies internship (PFE) starting February 2027** in penetration testing, security audit and consulting. I have carried out security assessments of SME information systems, from identifying vulnerabilities to a remediation roadmap prioritized by risk. I also practice the full attack chain on realistic labs, in CTFs and in bug bounty, and I report findings to technical and business audiences with verifiable evidence.

PROFESSIONAL EXPERIENCE

Consultant Intern — IS & Cybersecurity Assessment Jul. – Aug. 2026
Centre Marocain de Recherche Polytechnique et d'Innovation (CMRPI) — Morocco

- Assessed the security posture of SME information systems: identified and prioritized vulnerabilities and NIST / ISO 27001 gaps.
- Wrote analysis reports, executive summaries and remediation roadmaps for technical and business audiences.
- Modeled maturity levels and defined corrective action plans based on risk.
- Built a tool that generates recommendations based on each company's maturity profile.

Intern — IAM & Digital Transformation Aug. – Sept. 2025
Vala Bleu — Agadir, Morocco

- Performed application security testing (OWASP) and delivered findings reports with recommendations.
- Contributed to deploying Keycloak (SSO, RBAC): access governance and identity management.
- Integrated security controls into the development lifecycle with Docker and Docker Compose.

Intern — ERP Development & Software Architecture Feb. – Jul. 2025
OMNiNetwork / OMNiMobile, Inc. — Agadir, Morocco

- Developed a modular Java/Maven ERP, with Git code reviews and security controls (Docker).

OFFENSIVE PRACTICE & PROJECTS

Pentest Labs & CTF | TryHackMe, Hack The Box, Null Origin CTF 2026
Compromised Linux and Windows machines end to end: enumeration, exploitation, privilege escalation to root or SYSTEM. Exploited web flaws: SQLi, XSS, IDOR, SSRF, SSTI, LFI, file upload and authentication. Wrote structured write-ups documenting each attack chain.

Bug Bounty — HackerOne | Burp Suite · since 2026
Attack surface mapping and hunting for access control and business logic flaws.

SOC Assistant — RAG & MITRE ATT&CK | Python, RAG · Red Teamer & Evaluator
Team project: ATT&CK-mapped attack scenarios and false-positive analysis to measure robustness.

ThreatLens — Cyber Threat Intelligence | GitHub · Python, AI/RAG, OSINT
Threat analysis and correlation platform (IoCs, TTPs) with report generation.

Secure Server Infrastructure | Linux, Nginx, TLS, Snort, nftables
Linux server hardening: SSH, least privilege, network filtering and intrusion detection.

Real-Time Threat Detection | Spark, Kafka, HDFS, Grafana
Network monitoring with distributed log processing.

EDUCATION

State Engineering Degree — Information Security & Digital Trust 2022 – 2027
National School of Applied Sciences of Agadir (ENSA Agadir)
Coursework: Application Security, Systems Security, Networks, Cryptography, PKI/TLS, Forensics, IS Auditing, ISO 27001.

SKILLS

Web penetration testing
OWASP Top 10, WSTG, PTES, Burp Suite, OWASP ZAP, SQLmap, ffuf

Infrastructure & Active Directory (labs)
Nmap, enum4linux, smbclient, Metasploit, LinPEAS, WinPEAS, GTFOBins

Audit & Risk
NIST, ISO/IEC 27001, gap analysis, maturity assessment, risk-based prioritization

Identity & Access
Keycloak, SSO, RBAC, access governance

Hardening & Network
Linux, SSH, Nginx, TLS, nftables, IPsec VPN, LDAP, filtering and segmentation

Detection & Log Analysis
Splunk, ELK, Wazuh, Snort, YARA, log and PCAP analysis, MITRE ATT&CK

Secure Development
Git code reviews, Docker, Docker Compose

Scripting
Python, Bash, SQL, CI/CD

CERTIFICATIONS

TryHackMe — 2026
Jr Penetration Tester
Web Application Pentesting
Security Engineer
SOC Level 1
Cyber Security 101

SkillFront
ISO/IEC 27001:2022 Information Security Associate — 2026

Oracle
OCI Architect Associate — 2025
OCI Foundations Associate — 2025

LANGUAGES

Arabic: native
French: fluent
English: professional
German: beginner

ACTIVITIES

Vice President — ADE Student Association, ENSA Agadir

Treasurer — Robotics Club, ENSA Agadir
